[in https://www.linkedin.com/in/codewithswastik/](https://www.linkedin.com/in/codewithswastik/) </> LeetCode ⚡ Codeforces

Career summary so far

Computer Science undergraduate specializing in **AI & ML** with strong problem-solving skills and **800+ DSA problems solved** on LeetCode , Codeforces , GFG and Codechef. Experienced in **MERN stack development** and building scalable academic projects. Passionate about learning, writing clean code, and seeking a software development internship to gain real-world engineering experience.

2023

Education

B.Tech (CSE AIML)

2023– 2027

ABES Engineering College, Ghaziabad

Class XII (PCM)

2021 – 2022

St.Mary's Senior Secondary School , Banda

Class X

2019 – 2020

New Lucknow Public School , Baberu

Achievements

- **Solved 800+ coding problems** across **LeetCode, Codeforces, GeeksforGeeks, and CodeChef**, demonstrating strong problem-solving and algorithmic skills.
- **Active competitive programmer** with a **LeetCode contest rating of 1700** and **Codeforces rating of 1230 (Pupil)**, gained through regular participation in contests.
- **Coding Content creator with 29k+ followers on Instagram**, building a tech community by sharing educational coding reels and **Data Structures & Algorithms explanations**
- **3rd Place in ICPC College Level 2025:** Secured a top position in the prestigious college-level programming contest, demonstrating strong problem-solving and algorithmic skills.
- **Secured rank under 2300** out of 27000 Candidates in **Leetcode Biweekly contest 171**.
- **Secured rank under 2500** out of 27000 Candidates in **Leetcode Biweekly contest 170**.
- **Achieved Global Rank under 5,000 multiple times in Leetcode contests**
- **Achieved Global Rank under 5,000 multiple times in Codeforces rated contests**.

Projects

Real-Time Chat Application | *React, WebSockets, JavaScript*

- Built a real-time chat application enabling instant messaging using WebSockets
- Implemented features like typing indicators, online/offline status, and message timestamps
- Designed responsive UI with efficient state management for real-time updates
- Optimized performance by minimizing re-renders and handling asynchronous events

Interactive Portfolio Website | *React, HTML, CSS, JavaScript*

- Developed a personal portfolio showcasing projects with interactive UI and responsive design
- Implemented dynamic project sections and smooth navigation for enhanced user experience
- Optimized performance using lazy loading and efficient component rendering
- Integrated modern UI features like dark/light mode and animations

Technical Skills

Languages: C, C++, Python, Java

Core CS: Data Structures & Algorithms, OOPs, DBMS, OS

Web Development: HTML, CSS, JavaScript, MERN Stack

Tools & Platforms: Git, GitHub, VS Code, Linux, LeetCode, Codeforces
